KCTCS Code of Student Conduct

Effective Date January 1, 2017
Preface

1. **The KCTCS Environment:** An effective, well-rounded education requires learner exposure to new, different, and varied ideas, thoughts, concepts, and information. Thus, to facilitate thinking, learning, growth and development, KCTCS facilities are learning environments that recognize and respect a diversity of ideas, viewpoints, backgrounds, and people, regardless of whether we personally agree with them. Accordingly, honesty, integrity, openness, and civility are essential tenets of our environment.

2. **Student Responsibility for this Student Code of Conduct:** As a condition of enrollment in and attendance at any KCTCS course, program, or event, all KCTCS students accept this Student Code of Conduct and are responsible for knowing, understanding, and complying with the rights, privileges, and obligations contained herein. Ignorance of the Code or its provisions shall not be just cause for violations of this Code.

3. **Amendments:** This document does not create a contract and can be duly changed at any time, without notice to or consent of a student. Notwithstanding, changes in this document shall not be retroactively applied to any student or situation.

4. **Email Addresses:** All KCTCS students are provided a KCTCS email address upon enrollment in any KCTCS College. Regardless of whether students have elected to forward incoming emails to other email accounts, the KCTCS email provided upon enrollment shall be the student’s official email address for receipt of communications from any KCTCS office or official. Students are responsible for checking it regularly. Official notices from KCTCS offices or officials shall be deemed effectively delivered forty-eight (48) hours after it is delivered to the student’s KCTCS email address.

5. **Acknowledgments:** KCTCS acknowledges the following as resources for the 2016 revisions to this document:

Article I. FOUNDATIONS AND PRINCIPLES

Who We Are: The Kentucky Community and Technical College System (“KCTCS” or “System”) was established in 1998 through an act of Kentucky’s General Assembly, KRS 164.580. The System is made up of sixteen colleges with various campuses situated throughout the Commonwealth of Kentucky and dedicated to supplying the educational and training needs of students seeking two (2) year academic or technical degrees as well as other certificate, licensure, and training programs.

Our Governing Body: KCTCS colleges are governed by one body, the KCTCS Board of Regents, the membership, role, responsibilities, and authority of which is set forth in sections of KRS 164.290 to 164.475 and more specifically detailed in KRS 164.580 to KRS 164.600. The KCTCS Board of Regents is authorized by KRS 164.350 to adopt rules, regulations, and bylaws governing its members, and this Bill of Rights and Code of Student Conduct is established under their authority to govern student academic and behavioral matters. Nothing contained in this Code of Student Conduct should be construed as creating a contract between KCTCS and students.

The local boards of directors as established in KRS 164.600 have no authority to govern or regulate student conduct and may not act contrary to the authority granted solely to the KCTCS Board of Regents and properly delegated to appropriate academic and administrative bodies within the System.

Our Philosophy and Commitment: KCTCS Colleges strive to provide students with education and training in a structured yet free environment that recognizes the dignity and value in all people and all groups. KCTCS is committed to a community of learning where students and ideas do not simply exist but flourish and thrive.

KCTCS understands, accepts, and exercises the role of the institution as the primary entity responsible for the enforcement of conduct that permits students to grow academically and personally as they pursue education and training in the System. To encourage an atmosphere conducive to the education of all students enrolled in KCTCS colleges, KCTCS recognizes that fundamental values, principles, and responsibilities are imperative to the proper functioning of our college community.

Our Students and Our Community: Students are members of our academic community as well as our local, state, national, and global communities. KCTCS recognizes the freedoms, rights, and privileges of our students but also demands of our students those responsibilities, obligations, and duties that are part of good citizenship. When students fail to live up to the standards necessary to be responsible and productive members of the KCTCS academic community, those administrators and faculty given authority by the KCTCS Board of Regents to act in accordance with the KCTCS Student Code of Conduct shall take measures to protect the community, to preserve property, and to maintain order. At all times, System officials shall balance the needs of the students involved against the well-being of the academic community as a whole.
Article II. THE KCTCS STUDENT BILL OF RIGHTS
The KCTCS community recognizes and declares that students have certain fundamental rights which shall not be arbitrarily abridged or denied or removed without appropriate due process. Among them are the right to:

1. Learn, study, grow, and develop without fear of threats, harassment, bullying, or discrimination on the basis of race, ethnicity, color, nationality, age, religion, gender, gender identity, gender presentation, sexual orientation, or military service.

2. Treat others and be treated with civility and recognized as individuals, rather than a class.

3. Free written and oral speech, restrained only by those proper constraints that limit and protect the First Amendment Rights of others.

4. Hold and express divergent viewpoints with respect and civility toward others.

5. Participate in a community devoted to scholarship, inquiry, debate, thought, and expression within a community of scholars, including the right to express agreement and dissent.

6. Form and participate in student presses and organizations, and to assemble and participate in the social, religious, and political activities available in a free and open society.

7. Participate meaningfully in the governance of their colleges, including, when appropriate, representation on college or System committees and the KCTCS Board of Regents in accordance with proper rules and regulations.

8. Have privacy in their educational, academic, and financial records.

9. Have clear and comprehensible course objectives and requirements, degree and graduation requirements, transfer policies, and grading policies, and to know with accuracy and clarity information that assists them in successfully meeting the established academic standards in their classes.

10. Receive grades based only on fair and just evaluations of performance as measured by standards presented in the first or second class section or in the introductory materials for a distance learning course.

11. Have access to reasonable accommodations as required under U.S. and state laws related to the establishment of an equal opportunity to succeed.

12. Full disclosure and publication of the substantive rules and possible sanctions as described in a current KCTCS Code of Student Conduct.
13. Have knowledge of allegations against the student, the right to express a proper defense, the right to know the findings of any proceeding against the student, and a right to an appeal in accordance with reasonable and proper policies and procedures.

14. Be free of penalty for violating regulations, rules, or policies imposed after-the-fact.

15. All rights considered basic human rights and memorialized in the United States Constitution, the laws and regulations of the United States of America, the Kentucky Constitution, the laws and regulations of the Commonwealth of Kentucky, and KCTCS policies and procedures.

16. KCTCS students have the right to privacy in their educational, academic, and financial records. This right to privacy shall be consistent with the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, (20 U.S.C. § 1232g; 34 CFR Part 99). FERPA is a federal law that protects the confidentiality of personally identifiable information contained in student education records. KCTCS shall adhere to policies and procedures for identification of directory information and for any release of information that is not identified as directory information and therefore protected by FERPA. KCTCS students shall also enjoy, when relevant, the protections of KRS 164.283.

ARTICLE III. PRINCIPLES AND STANDARDS OF STUDENT CONDUCT

SECTION 1: GENERAL PRINCIPLES

A. Purpose
The Kentucky Community and Technical College System ("KCTCS" or "System") student code is intended to set forth the expectations for academic and behavioral responsibilities of the students who enroll in and attend the sixteen KCTCS colleges across Kentucky. As declared in Article I, KCTCS Colleges are committed to creating a community where learning flourishes and students from all backgrounds and experiences are welcome and respected. The KCTCS Code of Student Conduct provides the framework for student success without unnecessary distractions and harmful disruptions.

B. Authority
The Kentucky General Assembly through KRS 164.350 authorized the KCTCS Board of Regents to adopt rules, regulations, and bylaws governing its members. The KCTCS Code of Student Conduct is enacted under the legislatively granted authority to govern student academic and behavioral matters. The KCTCS President exercises delegated authority in promulgating this Code for the safety and well-being of the campus community. The KCTCS President delegates authority to each College President to apply the Code at their respective college, and the College Presidents designate the Chief Student Affairs Officers (CSAO) as the front line authorities for application of the Code.
This Code may apply to acts conducted on or off campus when those acts have a direct impact on the orderly conduct of regular college business. This Code may apply to acts conducted as face-to-face encounters, cyberspace, or by use of any means or medium that facilitates violation of the rules contained herein. The Code is written to provide a reference for general guidelines of expected student behaviors and penalties for failing to meet those expectations. It is not a criminal code nor an exhaustive list of misconduct.

C. Proceedings
Disciplinary actions and other proceedings conducted under this Code shall be fair, expedient, and civil. Disciplinary actions and other proceedings under the Code are not legal processes and are not regulated by the rules that govern court procedures, including the rules of evidence, rules of procedure, and burdens of proof. Students do not have a right to be represented by counsel in any action or proceeding provided in this document. Where permitted, students may select an advocate to advise them, but such advocates function as advisors to the student and have no right or expectancy of addressing the college panel, board, or official Deviations from the processes outlined in this Code shall not invalidate a proceeding or decision unless such deviations substantially prejudice a party.

These standards apply to conduct that occurs on or off College premises if it affects the College community.

D. Interplay of Code of Student Conduct with Local, State and Federal Law
1. Students enjoy the privilege of attendance, and accept the governance of KCTCS policies, local ordinances, state law, and federal law.
2. Students who enroll at KCTCS accept the responsibility of reviewing and abiding by the rules of conduct described in this Code. Violation of these general rules of conduct may lead to disciplinary action by the College in accordance with this Code.
3. If a student engages in conduct that is in violation of state or federal law as well as this Code, KCTCS reserves the right to refer such conduct to the appropriate law enforcement agency for prosecution in addition to College disciplinary action. Disciplinary action under this Code may proceed regardless of the status of criminal prosecution; action taken under this Code does not constitute or necessarily reflect formal legal processes under law.

SECTION 2: DEFINITIONS

A. Student
In this Code, the term “student” means:

1. Any individual who applies for admission at a KCTCS college, is accepted, and has registered for a course(s). SECTION 4: PROCEEDINGS
A. STUDENT HARASSMENT OR DISCRIMINATION GRIEVANCE PROCEDURE

The Kentucky Community and Technical College System has zero tolerance for illegal discrimination of any kind. Any student who thinks he/she may have been discriminated against
or subjected to harassment by students or employees because of his or her race, color, national origin, sex, sexual orientation, marital status, religion, beliefs, political affiliation, veteran status, age, or disability (including denial of a request for an accommodation), has the right to pursue an informal and/or formal discrimination grievance. The informal student discrimination grievance procedure is described below.

Complaints relating to sexual misconduct should be made to the College Title IX Coordinator or other college administrator. Such complaints shall be handled in accordance with the Sexual Misconduct Procedure.

The Chief Student Affairs Officer (CSAO) or his/her designee shall be responsible for investigating student discrimination grievances. If appropriate, this shall be conducted in collaboration with the college human resources director.

1. If a student thinks that he/she has been discriminated against, the student shall inform the CSAO or his/her designee within thirty (30) calendar days of the occurrence of the alleged incident. The CSAO or his/her designee shall conduct a preliminary investigation of the discrimination grievance.

2. The student, CSAO or his/her designee, and other involved parties shall work informally to negotiate a solution within fourteen (14) calendar days.

The informal student discrimination grievance procedure shall be completed within forty-four (44) calendar days of the occurrence of the alleged incident.

3. If the grievance is not resolved to the satisfaction of the student through the informal grievance procedure, the student may file a formal appeal pursuant to Section D below.

B. ACADEMIC

Students may file appeals when they believe a violation of their academic rights has occurred. The scope of a grievance does not include matters a student simply does not like or disagrees with, unless the matter represents a violation of the student’s academic rights. Students have the academic right to:

- timely receive information about course content and grading criteria
- hold and express a contrary opinion
- fair and impartial academic evaluation
- confidentiality of academic records
- informed evaluation of student character and ability

More information about student academic rights may be found in the Student Bill of Rights, particularly #1, 4, 5, 9, 10, 11, 13, and 14.
Lying, misrepresenting, or omitting relevant facts otherwise known at the time may subject students, faculty, or staff to disciplinary action, possibly up to and including dismissal or termination.

i. Grievances Involving Academic Rights of Students

Step 1: Informal Resolution

The student should first speak with the instructor and try to resolve the issue. All interactions must reflect civility and mutual respect, even where the parties’ views or positions differ. If a satisfactory resolution is not achieved, the student should proceed to Step 2 below.

Step 2: Formal Grievance

To file a formal grievance, the student must submit a clear, succinct written appeal specifying each alleged violation, along with supporting facts and relevant dates to the appropriate division chair/dean within thirty (30) business days of the alleged violation or posting of grade. Untimely appeals will be barred, dismissed, and not further considered. The division chair will resolve the issue within fifteen (15) business days.

Step 3 Formal Appeal

If no resolution is reached at Step 2 within 15 business days, or if the student does not accept the decision of the division chair, the student may within fifteen (15) business days appeal the division chair’s decision to the KCTCS College President or designee. Such appeal must be in writing and shall clearly identify the relevant facts, the reason for the appeal, the specific relief requested, and why the appeal should be granted. No new matter may be appealed which was not included in the student’s original appeal to the division chair.

The College President or designee will consider the appeal and issue a written decision within fifteen (15) business days.

Step 4 CAB Hearing

If no decision is rendered by the College President at Step 3 within 15 business days or if the student does not accept the decision of the College President or designee, the student has fifteen (15) business days to submit a written request for a hearing before the College Appeals Board (see Section E). The request for hearing must clearly identify the relevant facts, why the College President’s decision was wrong, and the specific relief requested. No new matter may be appealed which was not included in the student’s original appeal to the division chair. The CAB shall consider all matters and render its decision in accordance with Section E or as soon thereafter as practicable.
ii. Discipline for Academic Honesty Violations

Incidents of academic dishonesty and misconduct which occur within the context of a specific course are resolved by the academic department in accordance with the College academic honesty policy. In such a case, the instructor or academic department determines whether academic dishonesty or misconduct occurred, and if so, the appropriate academic penalty.

Lying, misrepresenting, or omitting relevant facts otherwise known at the time may subject students, faculty, or staff to disciplinary action, possibly up to and including dismissal or termination.

Sanctions for academic dishonesty or misconduct may include but are not limited to:

a. Requiring the student to resubmit the assignment
b. A lower or failing grade on the assignment, exam, or in the course;
c. Removal from the course
d. Referral for other disciplinary actions

A student who receives a penalty for academic dishonesty or misconduct may not avoid the academic penalty by withdrawing from the course.

Academic Violations Process

All academic misconduct actions must be reported to the chief academic officer for record keeping purposes. The instructor should submit to the division chair or chief academic officer a written description of the activity that resulted in the accusation of academic dishonesty and the proposed sanction to facilitate a fair and reasonable approach to protecting the academic interests of the college and its stakeholders. Once a determination is made to proceed, the following process shall be observed:

Step 1: Notice

Within fifteen (15) business days of the determination, the instructor shall notify the student in writing of the academic offense, explain the sanction, and inform the student of his or her right to appeal the determination of guilt and/or severity of the sanction.

Step 2: Informal Resolution

The student may request the instructor to reconsider a determination of guilt for an academic dishonesty and/or severity of the sanction. The instructor may then confer with the appropriate division chair/chief academic officer to determine appropriate sanctions for the student.
iii. Appeals of Academic Violations

If the student and faculty member have been unable to informally resolve an academic honesty determination and sanction, the student may appeal either the determination of guilt, the sanction, or both as provided herein. Students who are not satisfied with the outcome of their protest to the faculty member may submit an appeal to the division chair of the department. The division chair shall attempt to resolve all cases referred by student appeal to the satisfaction of the instructor and the student. (Reference the Appeals in Cases of Alleged Academic Violation of Student Academic Rights flowchart in Appendix.)

Step 1 Formal Appeal

If no resolution is reached within 15 business days, or if the student does not accept the decision of the division chair, the student may within fifteen (15) business days appeal the division chair’s decision to the KCTCS College President or designee. Such appeal must be in writing and shall clearly identify the relevant facts, the reason for the appeal, the specific relief requested, and why the appeal should be granted. No new matter may be appealed which was not included in the student’s original appeal to the division chair.

The College President or designee will consider the appeal and issue a written decision within 15 business days.

Step 2
Upon reviewing the basis of the student appeal, the College President or designee shall attempt to resolve the matter. If no resolution is reached within 15 business days, the student may submit a written appeal to the College Appeals Board (CAB). (See section D)

Step 3 CAB Hearing
If no decision is rendered by the College President at Step 3 within 15 business days or if the student does not accept the decision of the College President or designee, the student has fifteen (15) business days to submit a written request for a hearing before the College Appeals Board (see Section E). The request for hearing must clearly identify the relevant facts, why the College President’s decision was wrong, and the specific relief requested. No new matter may be appealed which was not included in the student’s original appeal to the division chair. The CAB shall consider all matters and render its decision in accordance with Section E or as soon thereafter as practicable.
iv. **Student Rights During the Appeals Process (Academic Rights/Academic Offenses):**

In cases of academic rights and academic offenses, the student shall have the right of class attendance and participation during the consideration of any appeal except that such attendance and participation may be limited when:

a. outside agencies are used as a part of the student’s educational experience, in which case precedence will be given to the terms of any agreement(s), which have been negotiated between the college and the agency; or

b. patient/client contact is involved in the student’s educational experience, in which case only patient/client contact may be limited or excluded at the discretion of program faculty.

If the appeal is decided in the student’s favor, the college must provide an opportunity for the student to complete any essential experiences missed due to the appeals process. An appeal of a grade after the class has been completed, a grade change by the CAB will only be for a P grade or a W grade.

**C. BEHAVIORAL/NON-ACADEMIC**

i. **Reporting Violations of the Code**

Any student, faculty or staff member, or visitor to the college may make a report to the Chief Student Affairs Officer (CSAO) of suspected violations of the Code of Student Conduct. A written complaint is not required, but is preferred. Those making reports are generally expected to participate in proceedings related to the report and to provide information during the process.

If the complaint is received more than one term after the incident occurred, the Chief Student Affairs Officer will assess whether or not disciplinary action should still go forward. The assessment will be based on such information as: the nature of the violation, the likelihood of repetition, and the impact upon the campus community. (Reference the Appeal of Behavioral/Non-Academic Grievance flowchart in Appendix.)

ii. **Administrative Review and Resolution**

1. **Preliminary Review**

   Upon receiving a report of an alleged violation of this Code, the CSAO will notify the student within five (5) business days if necessary for an informal or formal review. The CSAO may conduct a preliminary review to determine if there is credible information to proceed with an investigation and/or to formally charge a student with a violation of this Code. During the course of this preliminary review, the CSAO may meet with affected parties and/or witnesses. The CSAO will notify any interviewees of the preliminary nature of the review and that it may result in formal misconduct charges.

   a. Case Not Pursued--If the CSAO does not find sufficient evidence that a violation of this Code has occurred, the CSAO will not pursue the matter
further. The CSAO will maintain documentation of the receipt of an allegation that is separate from the formal student record. The CSAO will notify the student that the matter has been closed and no further action will be taken.

b. Informal Response—If the CSAO finds concerning information that does not rise to the level of a violation of this Code, the College may still take reasonable action, such as requiring a student to meet with a staff member prior to registering for courses, or a verbal or written warning.

c. Formal Response—If there is sufficient credible information that a student has violated this Code, then the CSAO will initiate the conduct process.

2. Interim Measures

Upon preliminary review, KCTCS reserves the right to enact any interim measures necessary to protect the rights, property, well-being, and personal safety of employees, students, guests, or other stakeholders. Interim measures may be imposed regardless of whether formal disciplinary action is sought or pursued against the Respondent. Such measures may include, but are not limited to:

• referral to counseling services and other resources
• rescheduling of exams or assignments (in conjunction with appropriate faculty)
• no-contact order
• limited access to college facilities or organizations pending resolution of the report
• temporary work reassignment
• temporary class schedule reassignment
• administrative leave during the investigation and resolution
• report of the matter to local law enforcement in the jurisdiction in which the college is located
• any other remedy necessary to achieve the goals of this policy

3. Immediate Temporary Suspension

a. A student may be suspended immediately when:

• If, in the judgment of the College President (upon consultation with CSAO and/or the college Behavioral Intervention Team (BIT)), there is reasonable cause to believe the presence of the student poses a serious threat to persons and/or property, or the student has been charged with a crime so serious as to threaten the welfare of the college community, the College President may impose temporary sanctions, including temporary suspension and ban from campus.
• Except in the case of emergency circumstances, the student will be provided an informal opportunity to discuss the matter and possible resolution.

• The student may be temporarily banned from campus if he/she refuses to cease disruptive behavior or conduct in violation of this policy after direct orders from the College President (upon consultation with the CSAO and/or BIT).

• When such suspension is involved, the student must leave campus immediately. Law enforcement will be called if the student refuses to comply, which may lead to more severe consequences, including expulsion.

b. Notice of Right to Appeal

• The College President shall issue a written notice of the immediate temporary suspension and campus ban to the student. This written notice shall include the student’s right to appeal the decision to the College Appeals Board (CAB).

• The student may file a written appeal with the College Appeals Board within ten (10) business days. If requested in the written appeal, the CAB shall schedule a hearing of the case within 48 hours, or as soon as practicable. The CAB shall consider the student’s academic needs to attend class, use the library, and fulfill other academic commitments.

• The CAB may uphold the immediate temporary suspension, overturn the decision and return the student to regular status, or enact other remedies and/or sanctions. The alternative remedies/sanctions may be more extensive than the temporary suspension, such as expulsion or other sanctions that are appropriate. The CAB shall communicate its findings to the College President and the Student within three (3) business days of the decision. Should the CAB uphold the immediate temporary suspension, it shall remain in effect until such time as the student proves circumstances have changed and he/she can resume attendance without posing a threat to the campus community. The CAB’s decision is final except in cases of complete and total suspension for longer than a semester or expulsion that are subject to appeal to the KCTCS Board of Regents.

• If the student’s circumstances change, the student may make a written request to the College President for readmission to the college.

• The College President will consult with the CSAO and/or BIT to determine if the student has demonstrated that his/her dangerous or threatening behavior has been remediated.

• The College President may require the student to enter into a behavioral contract that establishes specific terms and limitations for the student’s conduct and consequences for failure to abide by those terms as a condition of readmission.
4. Formal Conduct Process

When the CSAO finds sufficient credible information, a formal conduct process will be initiated. The CSAO will present the respondent with formal written notice of the alleged violations of this Code and provide an opportunity for the respondent to make a formal statement to the CSAO, and to provide any evidence and any witnesses pertinent to the alleged violation. The CSAO shall review the evidence and conduct witness interviews. When the CSAO is satisfied that a full review has been conducted, the CSAO shall notify the respondent in writing of the findings. If the CSAO’s investigation shows the respondent has violated this Code, the report of findings shall also notify the respondent of the sanctions imposed. The report of findings shall also provide the respondent with notice of his/her rights to appeal.

The CSAO will seek to resolve the formal conduct process within sixty (60) calendar days of the initial report. Extenuating circumstances may arise that require the extension of time frames, including extension beyond sixty (60) calendar days. Extenuating circumstances may include the complexity and scope of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, any intervening school break or vacation, or other unforeseen circumstances. In the event that the investigation and resolution exceed this time frame, the CSAO will notify affected parties of the reason(s) for the delay and the expected adjustment in time frames. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness.

5. Appeal of a Code Violation Finding

A student may within thirty (30) calendar days appeal a code violation finding by submitting a written request for appeal to the College President. Untimely appeals will not be considered. The appeal may ask for reconsideration of guilt or innocence and/or the severity of the sanction. Upon receipt of the appeal, the College President shall notify the College Appeals Board of the request for appeal. (Reference the College Appeal Board (CAB) Appeal Process flowchart in Appendix.) The College Appeals Board procedures are described in section E below.

D. Sanctions

Sanctions are designed to protect the College’s educational mission, to promote safety and security of the College community, educate and rehabilitate students, and deter students from behavior that harms, harasses, or threatens people or property. More than one sanction may be imposed in a case. The following factors are generally considered when determining sanctions for a particular case:

- The nature of the violation(s)
- Prior findings of responsibility and sanction(s)
• Mitigating circumstances surrounding the violation
• The student’s motivation(s) for engaging in the behavior
• Impacts of the behavior
• Sanctions which have been imposed in similar cases in the past
• The developmental and educational impact on the student

Sanctions tailored to the particular violation may be enacted by the College. A non-exhaustive list of standard sanctions includes:

1. Reprimand: Official written notice to the student that the behavior is not acceptable at the College and that additional incidents may result in more severe sanctions. This notice exists in the student conduct file and is not reflected on an academic transcript.

2. Disciplinary Probation: A period of time (which may be indefinite) during which a student is under warning that any other violation of College policy may result in suspension. Disciplinary probation may also prohibit a student from participating in certain College activities or programs, as it is considered notice that the student is not in good standing due to behavior. This notice exists in the student conduct file and is not reflected on an academic transcript.

3. Eviction: Forced removal from a classroom or other College property. This notice exists in the student conduct file and is not reflected on an academic transcript.

4. Suspension: A defined period of time during which a student is not permitted to engage in any of the privileges, courses, organizations, events, or activities associated with being a student at the KCTCS College. During the period of suspension, a Student Dean Hold service indicator will be placed on the student’s PeopleSoft account to prevent enrollment at any other KCTCS college. The Student Dean Hold may only be removed by the home college where the service indicator was applied. Once the period of suspension has been completed, the student may request that the Student Dean Hold service indicator be removed.

5. Expulsion: Permanent, forced withdrawal from the College as determined by the hearing body.

Suspension or expulsion decisions may be appealed to the KCTCS Board of Regents (KRS 164.370). See Section E(ii) below.

In addition to the standard sanctions above, individualized sanctions may be imposed that are designed to maximize the learning of a specific student. These sanctions take into account the student’s learning style and stage of development, as well as the unique factors of a given situation. Multiple individualized sanctions may be imposed, including but not limited to one or more of the following:
1. Reflective Activity: An activity designed to promote reflection by the student about his/her behavior and its impact. Examples can include: writing assignments, interviews, research projects, etc. Completion will be based on fulfilling the objective requirements of the assignment, not on whether the student adopts or expresses a particular perspective or point of view.

2. College/Community Service: Service to the College or community of up to 16 hours to be served within a specified time frame.

3. Educational Sanction: An educational sanction requiring attendance or participation in a pre-arranged class, program, or activity designed to prevent or deal with high-risk behavior.

4. Counseling Assessment: Student may be referred to an external counseling evaluation. Counseling referrals and any suspension, expulsion, or readmission shall all be consistent with state and federal law and shall include the CSAO and/or the College President’s consultation with Disability Services if appropriate and at all times with the KCTCS Office of General Counsel.

5. Restitution: Payment to a harmed party, such as to repair or replace vandalized property.

6. Meetings with College Resources: Meeting with a College employee or office to learn about resources offered to support students, both on and off campus.

E. Appeals

i. College Appeals Board

The College Appeals Board (CAB) serves as a hearing body for appeals of violations of academic rights, findings of academic misconduct, and non-academic/behavioral determinations under the Code of Student Conduct.

1. Purpose and Composition

The purpose of the CAB is to review both academic and non-academic appeals. The Appeals Board shall consist of six members:

- 2 students
- 2 full time regular faculty
- 2 full time regular staff

In addition, 2 student alternates, 1 faculty alternate, and 1 staff alternate shall be appointed. These alternates must meet the same requirements as the regular members.

2. Service on the CAB

a. Student members and alternates: Each student member must have earned at least 24 semester credit hours at the college, must have had one full academic year of attendance at the college, and must be in good academic standing. The CSAO shall recommend students to the College President for appointment. Appointments shall be for a term of one year.
b. Faculty and staff members and alternates: Faculty and staff members are elected to staggered three-year terms by the faculty and/or by the College staff. Faculty members cannot be division chairs or deans.

c. Official appointment letters for CAB members and alternates will be sent by the College President.

d. Appeals Board Chair: The chair is elected annually by the Appeals Board members.

e. If the appeal involves a case in which a member of CAB has a direct relationship (academic appeal within the faculty member’s department), conflict of interest, personal stake in the outcome, or other circumstance that may reasonably lead to questions of impartiality, that member of the CAB should be recused from hearing the appeal.

3. Quorum

A quorum of five members, at least three of whom must be faculty and staff, is required for the conduct of business of the Appeals Board.

4. CAB Review Process

a. Within five (5) business days of receipt of a request for hearing the CAB will meet to determine if the issue on appeal is properly before the hearing panel. If the CAB decides that the request for a hearing is not properly before the body, the Chair of the CAB will notify the student and the appropriate college officials in writing within five (5) business days, including the reasons for the CAB’s decision not to hear the matter.

b. If the CAB determines that it is proper to consider the appeal, within five (5) business days the Chair will request statements related to the appeal from the appropriate college officials. Those statement are due for submission to the CAB within five (5) business days. The CAB then has five (5) business days to review the appeal and associated statements and decide by majority vote whether to grant a hearing or to make a decision based on the record provided by each party.

c. The CAB’s decision as to the hearing will be communicated in writing within five (5) business days of the decision to the student and the appropriate college officials. If the CAB does not grant a hearing, the student has no further right to appeal within the system except in cases of suspension or expulsion, which may be appealed to the Board of Regents.

d. If the CAB decides to hear the case, it will establish procedures (including a schedule) and notify the student and the appropriate college officials. All parties shall have the reasonable opportunity to appear at the hearing and to present oral and written evidence in support of their positions. The CAB may call for further evidence as it deems appropriate. CAB hearings are not legal processes and do not follow the rules applicable to court or outside administrative proceedings. Students do not have a right to have counsel represent them, but may bring any one person they desire as an advisor at the hearing. The advisor will not address the hearing or
“represent” the student. The hearing shall be held, and a final decision made by the CAB within 15 business days after the decision to hear the case. The decision of the CAB is final and the student has no further right to appeal within the system except in cases of suspension or expulsion of a student.

e. If the CAB hears the case because of some question about the fact of the student’s guilt, it shall have the authority to impose a final decision as to guilt or innocence. If the CAB decides not to hear the case, the student has no further right of appeal within the system except in cases of suspension or expulsion.

f. If the CAB hears the case because of an appeal of the severity of the sanction, it shall recommend an appropriate sanction to the appropriate college official(s). If the CAB does not support the sanction, the CAB shall submit its decision and a recommendation of appropriate sanction to the College President or designee who shall consult with the appropriate college official(s) involved to find an appropriate sanction. The final decision is the responsibility of the College President.

ii. Appeal of Suspension or Expulsion to the KCTCS Board of Regents
Pursuant to KRS 164.370, students may appeal a sanction of suspension or expulsion to the KCTCS Board of Regents. (Reference Appeal of Suspension or Expulsion to the KCTCS Board of Regents flowchart in Appendix.)

1. Before an appeal can be submitted to the Board of Regents, the student must exhaust all available remedies by using all applicable appeal processes in this Code.

2. The student has 30 calendar days from the completion of the final applicable appeal process to submit an appeal in writing to the KCTCS Board of Regents in care of the KCTCS President.

3. Upon receipt of an appeal, the KCTCS President shall forward the appeal document to the Office of General Counsel. The Office of General Counsel shall conduct a review of the record related to the suspension or expulsion, and may conduct additional fact finding if warranted. The Office of General Counsel shall prepare a Report of Findings.

4. The appeal shall be heard by a three-person panel (appointed by the KCTCS President) consisting of the KCTCS Vice President responsible for Student Services, the Chair of the Education Committee of the KCTCS Board of Regents, and one of the student members of the KCTCS Board of Regents. The panel members shall review the Report of Findings then meet, with the option to use video conferencing, with a representative of the Office of General Counsel to finalize a recommendation, which will be acted upon by the full Board of Regents at the next scheduled meeting.

5. The student shall be notified in writing of the recommendation of the panel and of the date the full Board will take action on the recommendation. Once the Board has taken action, the student will receive written notice of the final decision.
Section 5: STUDENT ORGANIZATIONS

KCTCS recognizes that organized activities serve to augment and improve the educational experience of the members of the College community. Membership in student organizations shall be limited to students, faculty, and staff of the College except Honor, Leadership, and Recognition Societies that may include other persons as provided for in their national constitutions.

A. Types of Organizations

The College recognizes and encourages students to participate in the following types of organizations:

1. Honor, Leadership, and Recognition Societies;
2. Divisional Organizations and Professional Fraternities;
3. Political Organizations;
4. Governmental Organizations; and
5. Specialty Organizations (religious, athletic, military, etc.)

B. Registration

The registration of any student organization is at the discretion of the College and is dependent upon the completion of the required application form and compliance with the rules and additional criteria, such as a probationary period, the College may set forth. Such criteria shall be established and published by the College and made uniform for all similar types of organizations. Only those student organizations officially recognized and registered with the colleges may enjoy the rights and privileges associated with recognition. Student organizations must be registered before they may use College facilities or properties. Unrecognized and unregistered student organizations may use College facilities or properties in the same manner that external or unaffiliated organizations access and use facilities or properties.

C. Use of KCTCS Facilities

Student organizations may use KCTCS facilities for sanctioned meetings and events in accordance with KCTCS Administrative Policy and Procedure 3.3.16 Kentucky Community and Technical College System Policy and Procedural Guidelines for the Management and Use of Facilities. Student organizations must request the use of space through the College’s published procedures.

D. Advisors

Registered and recognized student organizations are required to have two advisors. Advisors must be members of the college faculty or staff. Only full time college faculty and/or full time staff classified as exempt may serve as advisors if that service is incorporated into their job
duties and if their service is in alignment with the policies and procedures of KCTCS Human Resources.

Advisors are chosen by the members of the organization and submitted for approval to the College President or designee for approval. If approval is not granted or advisors leave their position, the President or designee may appoint advisors consistent with KCTCS Human Resources policies and procedures.

Advisors are responsible for:

1. Providing support and guidance to the organization in carrying out the purposes of the organization
2. Counseling and advising the officers of the organization as to their powers and responsibilities
3. Attending all meetings of the organization

The College President or designee may make an exception to permit a student organization only one advisor when appropriate or necessary. Registered, recognized student organizations must abide by all policies and procedures relevant to affiliated organizations. Volunteers associated with recognized, registered student organizations shall be used only as the law permits and shall be the responsibility of the student organization, not KCTCS.

Failure to have an approved advisor will result in suspension of college registration and recognition until an approved advisor is in place.

E. Conduct Violations by Student Organizations

If a Student Organization fails to abide by any College policy, procedure, or standard, the Student Organization as a whole as well as individual members may face disciplinary action pursuant to this Code.

The following sanctions may be imposed against a Student Organization as a whole for the violation of College conduct regulations or failure to file required financial statements each year. This list is neither exhaustive nor in order of severity and may by enlarged upon or modified to meet the particular circumstances of any given situation.

1. Recommendation for charter revocation: An official request to a national office that the local chapter’s charter be revoked.
2. Revocation of College registration: Permanent severance of the organization’s relationship with the College.
3. Suspension of College registration: Temporary severance of the organization’s relationship with the College for a specific period of time. The period of time and any requirements, which must be satisfied prior to re-registration.
4. Probation: Notice that further finding of responsibility for the violation of College conduct regulation(s) as specified in the decision of the hearing officer will likely result in the suspension or revocation of College registration.

5. Reprimand: College disapproval or warning issued to the student organization.

6. Restrictions: Restriction of some or all of the organization’s activities or privileges, including the right to recruit new members.

7. Other educational sanctions: Projects, assignments, programs with the effect of educating the organization’s members.

Student Organizations are not entitled to due process under these rules, nor do they have appeal rights equivalent to individual student rights. The right to recognize and register a Student Organization falls within the authority granted to each College President/CEO.
