Invitation to Bid ADDENDUM #1

BID NO.: KCT-01096
ADDENDUM NO.: 1
BID ISSUE DATE: November 21, 2017
ADDENDUM DATE: November 30, 2017
OPENING DATE: December 7, 2017
TITLE: Welding Equipment

The following information is provided in response to questions submitted by potential Bidders:

1. On Page #9, line # 5 of the bid document, is this a genuine miller part you are requesting and is it just the electrode holder or is it a cable and electrode holder assembly?
 - a. Miller electrode holder and 15' of welding lead with an appropriate lug to connect to the power source.
2. On Page #12, line 11 of the bid document, for the Victor Cutmaster 82 plasma cutter. The supplied part number is for a 208-230v 1 phase machine that is not multi voltage capable as the bid is requesting. It also is not offered as a package with hand held and mechanized torches. Both of these observations are based solely on the item number provided on the bid invitation. Please advise on how I should proceed.
 - a. We are requesting a 3 phase machine, so it would be Part number 1 1130 2. It should come as a package with a hand held torch.
3. On Page #13, line 12 of the bid document, is the voltage requirement for the Iron Worker 220v or 480 volts?
 - a. 480 Volts
4. The description states the part number is 1 1130 1 3 phase, but the part number listed is for a single phase. Part number 1 1130 2 is for a 3 phase machine, can you please verify which one needs to be quoted?
 - a. We will need a 3 phase machine, so it would be Part number 1 1130 2

The timeline to submit additional questions has passed.

All other terms, conditions & specifications remained unchanged.
