VI. METHOD OF AWARD

Best Value – Ranking Approach

KCTCS intends to award a Contract to the Bidder, whose offer, conforming to the Solicitation, is the most advantageous on the basis of "best value" for all products, services, and requirements contained herein.

An evaluation committee, or a designated individual, will evaluate the information provided by the Supplier in response to the established measurable criteria contained in the Solicitation.

KCTCS reserves the right to award to one or multiple suppliers, if it is in the best interest to do so.

Measurable Criteria:**Price 100****TOTAL POINTS 100 Points**

Each Vendor is responsible for submitting all relevant, factual and correct information with their offer to enable the evaluator(s) to afford each Vendor the maximum score based on the available data submitted by the Vendor. **VENDOR SHALL ENTER UNIT PRICE AND TOTAL PRICE ON THE BID SHEET.** If adequate space is not available, the Vendor must attach additional information that clearly cross-references the appropriate location in the solicitation (i.e. page number, paragraph, subject, etc.).

Price (100 points)

The bidder with the lowest Price receives the maximum score. The bidder with the next lowest Price receives points by dividing the lowest Price by the next lowest price and multiplying that percentage by the available points. For example, 100 points is allocated to the lowest Price criteria for this procurement, Bidder "A" bids \$3.00 as the lowest bidder and receives the maximum 100 points ($\$3.00 / \$3.00 = 1.00 \times 100 = 100$). Assume Bidder "B" is the next lowest bidder at \$4.00, then "B" receives 75 points ($\$3.00 / \$4.00 = .75 \times 100 = 75$).

Best Value scoring is subject to Reciprocal Preference for Kentucky resident bidders.

VII. **KENTUCKY RECIPROCAL PREFERENCE LAWS**

In accordance with KRS 45A.490 to 45A.494, Kentucky Resident Bidder Status, a resident Offeror of the Commonwealth of Kentucky shall be given a preference against a nonresident Offeror. In evaluating proposals, KCTCS will apply a reciprocal preference against an Offeror submitting a proposal from a state that grants residency preference equal to the preference given by the state of the nonresident Offeror. Residency and nonresidency shall be defined in accordance with KRS 45A.494(2) and 45A.494(3), respectively. Any Offeror claiming Kentucky residency status must submit with its bid/proposal a notarized affidavit (Resident Bidder Claim Form,) with supporting documentation affirming that it meets the criteria as set for in the above referenced statute.

Further, in accordance with KRS 45A.465 and 45A.470, any bidder wishing to claim qualified bidder status must complete and include an Affidavit for Qualified Bidder Status with their response. In evaluating responses, KCTCS will apply preference in accordance with KRS 45A.470. An Affidavit for Qualified Bidder Status forms is available from KCTCS Procurement to Payment Department, upon request.

VIII. **Bid Submittal**

Bids must be received no later than the date and time show on the front page of this Invitation to Bid or any corresponding Addenda. All bids must be received in a sealed envelope/package clearly identified with the Invitation to Bid Number in the lower left corner. **Bidders shall not submit their standard terms and conditions with bid submission.**

IX. **Multiple Bids**

Unless otherwise specified, only one price, brand and/or model may be proposed for each item on this Invitation to Bid. Bidders must determine their single best offering based on the manufacturers specified. Bids not conforming to this requirement may be rejected.

X. **Kentucky Sales and Use Taxes**

Sales of tangible personal property or services to the State of Kentucky and its constitutional agencies are not subject to state sales or use taxes.

Kentucky Community and Technical College System Procurement to Payment

MEMORANDUM

TO: Potential Bidders Responding to KCTCS Invitation to Bid

FROM: Sharon Bullard, Procure to Pay Analyst

RE: KCTCS Listing or Certification Requirements for Equipment or Assemblies of Equipment

The Kentucky Community and Technical College System is a public institution of higher education organized under the laws of the Commonwealth of Kentucky. As such the authority having jurisdiction in Kentucky requires that equipment used in our facilities be either listed and labeled by a nationally recognized testing laboratory (NRTL) or certified by field evaluation and labeled by a third party acceptable to the authority having jurisdiction in Kentucky to certify compliance with applicable codes and safety requirements.

Providers of equipment listing or third party certification services are included but not limited to those indicated in the attached Excel spreadsheet. Manufacturers may use any NRTL or other third party acceptable to the authority having jurisdiction in Kentucky to certify compliance with applicable codes and safety requirements.

All equipment and assemblies of equipment offered in response to this Invitation to Bid shall be in full compliance with the above referenced listing or certification requirements. If a listing does not exist or third party certification cannot be provided for said equipment, the services of a Professional Engineer licensed in the Commonwealth of Kentucky may also be procured by the bidder to certify that the equipment has been constructed in accordance with NFPA 79 and UL 508A standards and their references.

All costs associated with required listings or certifications shall be included in the bid price unless otherwise specified in the form of proposal. Each piece of equipment or assembly of equipment offered in response to this bid shall either be listed and labeled or certified and labeled prior to shipment by the successful bidder.
