VI. **METHOD OF AWARD**

Best Value– Ranking Approach

KCTCS intends to award a Contract to the Bidder, whose offer, conforming to the Solicitation, is the most advantageous on the basis of "best value" for all products, services, and requirements contained herein.

An evaluation committee, or a designated individual, will evaluate the information provided by the Supplier in response to the established measurable criteria contained in the Solicitation.

MEASURABLE CRITERIA:

Price 95 Points

Delivery 5 Points (must be according to delivery specs within this Invitation)

TOTAL POINTS 100 Points

Each Supplier is responsible for submitting all relevant, factual and correct information with their offer to enable the evaluator(s) to afford each Supplier the maximum score based on the available data submitted by the Supplier. SUPPLIER SHALL ENTER UNIT PRICE AND TOTAL PRICE ON THE BID SHEET. If adequate space is not available, the Supplier must attach additional information that clearly cross-references the appropriate location in the solicitation (i.e. page number, paragraph, subject, etc.).

Price (95 points)

The bidder with the lowest Price receives the maximum score. The bidder with the next lowest Price receives points by dividing the lowest Price by the next lowest price and multiplying that percentage by the available points. For example, 95 points is allocated to the lowest Price criteria for this procurement, Bidder "A" bids \$3.00 as the lowest bidder and receives the maximum 95 points ($\$3.00 / \$3.00 = 1.00 \times 95 = 95$). Assume Bidder "B" is the next lowest bidder at \$4.00, then "B" receives 71.3 points ($\$3.00 / \$4.00 = .75 \times 95 = 71.25$).

Delivery (5 points)

The supplier with guaranteed delivery time on the dates requested will receive the maximum score and the supplier with the next best delivery time will be scored by dividing the guaranteed supplier's points by the next best supplier's time and multiplying that percentage by the available points. For this example, assume delivery time is guaranteed, then that supplier receives 5 points ($5/5 = 1 \times 5 = 5$). Assume ten (10) days after requested date is the next best delivery time, then that supplier receives 2.5 points ($5/10 = .5 \times 5 = 2.5$).

Best Value scoring is subject to Reciprocal Preference for Kentucky resident bidders.

VII. **QUESTIONS, SOLICITATION SOLE POINT OF CONTACT - RESTRICTION ON COMMUNICATION**

The KCTCS Procurement to Payment Services Department shall be the point of contact throughout the solicitation process regarding the terms and conditions contained in this Invitation to Bid. Contact with KCTCS other than the Procurement to Payment Services Department may be cause for rejection of bid.

This does not preclude suppliers who presently hold contracts with KCTCS from communicating with KCTCS individuals regarding existing contracts only.

Any explanation desired by a bidder regarding the meaning or interpretation of the solicitation, specifications, etc., must be requested in writing. Questions will not be addressed via telephone. Oral explanations or instructions given before the award of the contract will not be binding. In the event any item, requirement, term or condition of this Invitation to Bid is not clear, or is not according to regulation, it shall be the sole responsibility of the interested prospective bidder to inquire as to intent, or to state the exception in writing, via email to:
